WE WANT YOUR FREIGHT BILLS

● **WANTED** ●

**DEAD OR ALIVE
FREE FREIGHT BILL ANALYSIS**

Many companies will save 3% - 7% on a POST AUDIT. Your freight invoices may contain billing errors, classification errors, incorrect weights, and duplicate payments. We will audit these invoices and upon error discovery, we will work with carriers, & share those "lost" funds with you, 50/50.

Let Logistxs prove to you that we can save you hundreds or thousands of dollars per year by reducing your **INBOUND or OUTBOUND** shipping costs. Many companies that do regular shipping will benefit from our free review. We are so certain that you are among the many that

over pay, we will reward you for the trouble of gathering up old freight bills, with a \$500.00 gift card.

Program: Provide Logistxs with six months of freight bills. We will analyze these bills and return our results to you with

your gift card.

What's the catch? None, really. If you spend \$12k/mo we're hoping that by showing you how to save money you will allow Logistxs to book the freight, and will allow us to assist you with your future freight moves.

GOING FORWARD

Logistxs will meet with your staff to discuss your shipping and receiving procedures. We can provide quite a bit of insight as to the proficiency of your warehouse. We may be able to point out more efficient ways for you to interact with carriers, reduce your risk of freight damage, tweak your freight damage insurance, and pack pallets so that you get a better NMFC classification resulting in lower common carrier rates.

Keep the reward no matter what !
